

CLAIMS

I claim:

1. A traffic ticket book holder with a generally rectangular shape, secured to an outer garment and to a user with an upper arm and a shoulder, comprising:

a main body with an upper edge, having an inner compartment opening used for carrying ticket books and tickets;

a front cover with a top and a bottom portion, that releasably seals the inner compartment opening;

an outer pocket on the bottom portion of the front cover to hold miscellaneous items;

a protective flap attached to the upper edge of the main body that overlaps the top of the front cover;

a shoulder strap to attach the traffic ticket book holder to the outer garment of the user;

a flexible arm strap to secure the traffic ticket book holder to the upper arm of the user; and

an arm adjustment piece to provide for varying arm sizes.

2. The traffic ticket book holder according to claim 1, wherein the shoulder strap uses a hook and loop fastener and releasable buckle to attach the traffic ticket book holder to the outer garment of the user.

3. The traffic ticket book holder according to claim 1, wherein the flexible arm strap is made of stretchable material.

4. The traffic ticket book holder according to claim 1, wherein the traffic ticket book holder is releasably secured to a user using a snap clip.

5. The traffic ticket book holder according to claim 4, wherein the snap clip is provided with a safety release feature.

6. The traffic ticket book holder according to claim 1, wherein the traffic ticket book holder is releasably attached to the user using a shoulder strap and a hook and loop fastener.

7. The traffic ticket book holder according to claim 1, wherein the traffic ticket book holder is releasably attached to the user using an armband and an armband fastener.

8. The traffic ticket book holder according to claim 1, wherein the traffic ticket book holder is releasably attached to the user using a single flexible strap and hook and loop fasteners.

9. The traffic ticket book holder according to claim 1, wherein an identification pocket and window are used to hold identification in place.

10. The traffic ticket book holder according to claim 1, wherein zipper heads and zipper tracks are used to open and close the front cover.

11. The traffic ticket book holder according to claim 1, wherein a handle is used to open and close the front cover.

12. The traffic ticket book holder according to claim 1, wherein the traffic ticket book holder is used to carry a two-way radio.

13. The traffic ticket book holder according to claim 1, wherein the traffic ticket book holder is used to carry a homing device.

14. The traffic ticket book holder according to claim 1, wherein the traffic ticket book holder is used to carry medical supplies.
